

**AGRI Incineration Systems:
Knowledgeable and
Responsive Engineering
when it matters**

CUSTOMER Laura Jones, Your Pet and Equine Heaven

LOCATION United Kingdom

DATE 1st September 2023

BACKGROUND

incinerators are a critical part of anyones business and when the need to have them serviced and repaired we offer a prompt and reliable service that people can trust. Laura reached out to us, and we diagnosed what they needed and proceeded to arrange a service for both of her machines very quickly. When our engineer arrived he proceeded to service the machines promptly assisting Laura.

CONCLUSION

Laura's machines are now running smoothly which helps her to continue the smooth running of her Pet Cremation business. It has been a real pleasure assisting Laura and her team and we are honoured to receive such positive feedback from valued customers like Laura. We remain dedicated to providing prompt, knowledgeable, and dependable service to meet all your incinerator repair needs. Contact us today to experience the AIS difference for yourself!

"I highly recommend AIS to anyone in need of an incinerator or their expert incinerator repair services. Their engineers are not only responsive but also highly knowledgeable, ensuring that your incinerator/business is in the best possible hands. With AIS I felt you are not just a customer but that you're a part of a supportive partnership that values your success and wants to keep your business on track"
