One of the key reasons our incinerators are recognized as being '*probably the best*' on the world market is the use of our market leading and trusted low thermal mass monolithic concrete lining which is used in all of our models.

All models in the Cyclone Range are supplied with an integral secondary chamber, ensuring they fully conform to many legislative bodies around the world.

## AIS 041 Cyclone

- The AIS 041 Cyclone is the larger of our two front loading models and is ideal for the bio secure disposal of carcasses within the agricultural farming industry, particularly suited for small to medium farming operations including; Piglets up to Sows, Poultry, Sheep, Game Farms.
- Access to the main chamber is via a large loading door located on the front of the machine.
- PLC timer controls with automatic burner shut off function and fast ignition burners. One temperature-controlled burner in the main chamber and one in the secondary chamber.
- Burns up to \*50kgs/110 lbs per hour and has a load capacity of up to 290kg / 639 lbs.
- Can be loaded whilst in operation maximizing the inherent thermal efficiency of our trusted monolithic concrete lining, keeping running costs low.
- Optional Extra features include; Animal Loading Trolley / Winch assembly / USB Data Logger / Stack Extensions / Ash Rake / Simple Heat Exchange system / Control Panel screen size increase / Service Kits .

\* Burn Rate may be subject to your local regulations. Speak to a member of our team for more information.

## Be Assured of a Quality Product & Quality Service with AIS:

- Each machine is hand crafted by our team of skilled technicians in the UK and U.S.
- The reason your incinerator will last is due to the type of lining used. Our trusted monolithic casting system ensures maximum strength, reliability and a longer machine life. We are always happy to explain why our technology is far better than any other manufacturers product on the world market. Talk to us to find out more and make your own mind up.
- Behind the AIS brand is a team of experts who are always on hand to discuss any questions that you may have about incineration, so you can be assured of great service and a great product.
- But it goes beyond that, we stay with you for the life of the machine, always on hand if or when you need us. It's a people thing, it's an AIS thing.
